To whom it may concern:

STI performed emergency panel replacements in both buildings we own in downtown Cleveland. They were very professional and efficient, and it was a pleasure to work with them from start to finish. We highly recommend them for any fire safety issues or equipment upgrades. Keith Riggs with STI is very responsive to the needs of the fire safety situations that arise. If you have any questions, please feel free to call me at 216-633-7127.

Sincerely,
